All

The Region 8 program went very smoothly. Doug clearly has high credibility with the community as does his staff. We heard a great story about how well the Air Force is working with the community. Part of the story did involve a visit to the Pentagon to help create alignment From the City Council room you can see the multi- million dollar temporary water treat plant that is successfully being used as the larger permanent plant is being designed and built.

Congratulations and thanks to David and his folks and John and OPA for having us so well prepared.

Peter

Region 9 roll out could not have gone better. Called the Governors of CNMI, Guam and American Samoa prior to the conference. Chad deserves big thank you by everyone. He did great notwithstanding he stopped over in LA from Tokyo with his 10 hour flight and it was 10 am Tokyo time. And we both underscored the MCL angle big time.

**Subject:** Good luck tomorrow!

Everyone,

Thank you all for your efforts to support the Acting Administrator's rollout of our comprehensive PFAS Action Plan tomorrow. We very much appreciate your participation in this important event for our Agency and for the American public. We also appreciate the help from all your teams throughout the past year. Please pass on our deep appreciation and thanks to your respective teams! And please pass on this email to other core members of the team that I'm sure I'm missing at the moment!

We understand that the presenters have what you need for tomorrow's events, but please do not hesitate to
